

Painting

Level 3

Course Requirements:

Level 3 Painting will suit students who enjoy and have some talent in drawing and painting. To be successful at this subject it would be useful if students have completed Level 1 and Level 2 Art, but students who have talent or a strong interest in Art are also welcome. Students will need to be able to think independently, creatively and imaginatively to develop their own ideas. Students would also need to finish off artworks outside of lesson time.

Aims:

This course aims to refine and develop the students' current skills in painting and aims to teach them about where ideas for artworks come from. Students will also learn how to develop their own ideas through learning about self-selected artists' themes, ideas and technique. Some students might need to work at Level 2 NCEA in some of the Achievement Standards

Course Content:

The main focus of the course is to strengthen skills in:

- Painting technique
- Idea development
- Understanding the meaning of Art

Some students will also be offered the opportunity to do a research assignment.

Where can this subject take you?

Success in Level 3 Art will provide students with the knowledge and skills and entry requirements to study any Art and Design based degrees, diplomas, certificates or other related courses. It will also be useful for students who want to aim for a career in a creative industry. Studying Art also broadens a person's ability to think creatively and innovatively which is a skill that is useful in most career choices.

Further Assessment Opportunity and Resubmission (Refer to student Handbook for more information)

A further assessment opportunity occurs after you have submitted work / sat a test for an assessment; you do a new assessment after further learning has taken place.

For this course there will be one further assessment opportunity for each standard.

A resubmission can be offered to you by the teacher if they believe you can correct errors or omissions in your work in a short period of time; it does not involve a new assessment. A resubmission must take place before the teacher gives any feedback on the work done. There can be only one resubmission.

Appeals (Please refer to student Handbook for more information)

If you are unhappy with any of your results you should discuss this with your teacher. If you are still unhappy then an Appeals form should be completed; this is available from the HoF; forms need to be completed and returned to your HoF within 5 school days of receiving your grade. If you are still not happy you can then see the Principal's Nominee. At NO time, during this process, should you contact NZQA.
